## 2. Strategy

### a. Mission statement

We are a professional firm providing fire equipment, fire protection and life safety services. We encourage our team members' growth through personal and professional development to enhance sustained growth of our company. We engage in active partnerships with our clients to provide design-focused solutions with an unyielding approach toward results. While others are content with technical compliance, we are only satisfied with incident-free outcomes.

### b. Values

ESS Fire and Medical services team members were asked to provide management with their input to establish our core values. Eagle team members have developed core values using one word with a description of what each word means to them. Eagle Fire Inc. has made these the cornerstone of our philosophy.

- Safety “Operate in a safe, but timely manner; never work in conditions you deem as unsafe.” “For yourself, your team, and your customer.”
- Respect “For team members, customer concerns, and the tools and equipment involved in the task at hand.”
- Integrity “Values must be demonstrated in the way you act and the way you insist others behave.” “ESS Fire & medical Services has integrity, no team member or customer can compromise it.”
- Pride “Pride in work and general company ethics.” “Craftsmanship, that I feel good about my services rendered...to meet or exceed SABS, SAQCC and ESS Fire and Medical standards.”
- Knowledge “Commitment to enhancing job knowledge.” “ESS team members are the professionals in this field, we are not afraid of doing the homework to complete a job correctly.”
- Initiative “A workforce ready, willing, and able to meet new challenges...all members pull together for the good of the company.”
- Innovation “Learn to adapt to change within a company, work with it, not against it, if a company is to grow, there must come changes.” “Look for new opportunities...don't become stagnant.”
